

ROCKDRILL

FF-RD20 - FF-RD20L

The Y20 Rock Drill can be used as either a Hand Held Drill or adapted to fit the FF-AL100 Air Leg.

The Rock Drill is mainly used in small quarries, mines for drilling, blasting for constructing roads, and also for secondary blasting in large mines and other projects.

The Y20 can be used for either dry or Wet drilling.

Optional FF-FKY200 In-Line Lubricator with transparent casing provides automatic lubrication during operation.
